Dear Examiner Champagne,

I am preparing a response to the pending Office Action in this case. Our file lacks a copy of the second cited reference, "Net-mercial.com Partners with GEO Interactive" PR Newswire, 18 August 1999. I was unable to obtain this reference through PAIR or via the Internet. Would you please send a copy to me by return e-mail or via fax to **213-687-0498**?

Thank you.

Also, concerning the claim to priority, we noted that the provisional application Nos. 60/213,396 and 60/213,827 were both filed on June 23, 2000. June 23, 2001 fell on a Saturday. The present application was filed on the first following business day: Monday, June 25 2001. Therefore the application is entitled to claim priority to these two provisional applications under 35 U.S.C. 119(e)(3). If you have any reason to disagree, please let me know.

Your reply by e-mail to this message would be greatly appreciated.

Best Regards,

Jonathan Jaech, Esq.
